

SIMRAN JAIN

+91 6261965165 | simranjain6103@mail.com | Gwalior, Madhya Pradesh | <https://www.linkedin.com/in/simranjain6103/>

PROFILE

Analytical and detail-oriented MCA student with strong skills in SQL, Python, and Excel. Experienced in data cleaning, exploratory data analysis (EDA), database querying, and deriving business insights from structured datasets. Passionate about solving business problems using data-driven decision-making. Seeking opportunities as a Data Analyst, Junior Data Analyst, or Business Analyst.

TECHNICAL SKILLS

Languages & Libraries: Python (Pandas, NumPy, Matplotlib), SQL (MySQL), Java, C

Data Visualization: Power BI (DAX, Power Query, Calculated Columns, Slicers, Drill-through)

Spreadsheet Tools: MS Excel (Pivot Tables, VLOOKUP, HLOOKUP, Power Query, Advanced Formulas)

Analytics: Exploratory Data Analysis (EDA), Data Cleaning, KPI Reporting, Data Modeling

Databases: Relational Database Design, SQL Query Optimization, Data Normalization

PROJECTS

Blinkit Sales Analysis Dashboard | Power BI

- Designed an end-to-end sales analytics dashboard tracking \$1.20M in revenue across outlet types, tiers, and item categories for a quick-commerce platform
- Built DAX measures to calculate KPIs including average sales, transaction count, and outlet-level ratings, enabling multi-dimensional performance comparison
- Automated data transformation using Power Query to ensure clean, consistent data flow; integrated slicers for dynamic filtering by outlet location, size, and item type

Top UK YouTubers 2024 | Power BI

- Analyzed subscriber growth, total views, and engagement metrics for the top 10 UK YouTube creators using a multi-visual Power BI report
- Computed channel engagement ratios and views-per-subscriber KPIs using DAX to identify high-performing content niches
- Combined a treemap, bar chart, and summary table to deliver a comparative benchmarking view across 1,055M+ total subscribers

HR Analytics Dashboard | Power BI

- Built a comprehensive HR dashboard tracking attrition trends across 1,470 employees, revealing a 16.12% attrition rate with department-wise and education-field breakdowns
 - Visualized age group distribution, gender-based attrition rates, and job satisfaction ratings using stacked bar charts, donut charts, and a matrix table
 - Enabled education-level filtering via slicers (Bachelor's, Master's, etc.) to support targeted retention strategy recommendations
-

EDUCATION

Master of Computer Applications (MCA) – ITM, Gwalior

Expected July 2026

Coursework: Data Structures, Python, DBMS, Software Engineering, Web Development, Data Mining, Data Warehouse

B.Sc. Computer Science – Kamla Raja Girls Govt. P.G. College, Gwalior

July 2020 – July 2023

CERTIFICATIONS

Java Training — IIT Bombay | C Training — IIT Bombay | Personality Development — FEA

CORE COMPETENCIES

Analytical Thinking | Business Understanding | Problem Solving | Data Storytelling | Attention to Detail | Team Collaboration | Communication
